METALU

METALU PK

PORTABLE HYDRAULIC POOL LIFT

THIS IS THE SMALLEST, MOST DISCREET AND ELEGANT PORTABLE HYDRAULIC LIFT IN THE MARKET.

It can be installed and removed extremely quickly for storage when no longer needed, and can also be used to serve several swimming pools in the same area.

FEATURES

User autonomous. It can be operated from both in and out of the pool thanks to a dual control system.

Officially approved for lifting up to 150 kg. A water supply with a pressure of between 3.5 and 5.5 bar is necessary.

Can be adapted to the shape of the pool. Various anchor sizes are available for negotiating possible obstacles (overflow channel, pipes, etc.).

Left rotation option. Upon request.

Storage support. It comes with a support to facilitate storage when not in use.

STAINLESS
AISI 316L.

ACCESSORIES

AUXILIARY SHOWER

Only available on the METALU PK and METALU B-2 models. It is added to the hydraulic installation.

FOOTREST

This can be added as an optional extra to those models on which it does not come as standard. It fits on to the seat perfectly

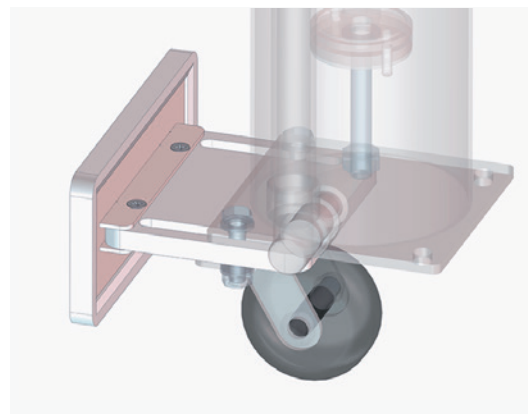

FOLDING ARMREST

We offer the option to add an extra armrest on the other side so the user can feel safer.

SAFETY BELT

This can be added to any of our pool lifts. Ideal for people with poor body stability.

POLYESTER OR LINER POOL BUFFER

An exclusive extra for the METALU PK model. It protects the polyester or liner wall of the swimming pool.

PROTECTIVE COVER

Only available for the METALU 400 and METALU 600 models. It is a custom-made cover that protects the lift entirely
